To raise and appropriate \$1000 for The Great Bay Chapter of the American Red Cross which is resolute in its commitment to all the residents who live in the 40 cities and towns within its jurisdiction, of which Hampton is one. Our vital services are not duplicated by any other agency, and they are free to anyone in dire need. However, we must rely on many sources for the financial support needed to continue to do so. As we receive no financial support from the state or from the federal government, we must rely on communities, like Hampton, to assist us. Therefore we would appreciate the opportunity to present our application for financial support of \$1,000.00 with the Town of Hampton for the fiscal year of 2006-2007.

Great Bay Chapter volunteers logged 118,750 hours last year at a cost saving of \$2,000,000 to the 40 towns and cities within its jurisdiction. This year has already put a strain on our funds as a result of the horrendous floods that New Hampshire experienced this past spring, and we do not know what the months ahead hold for us.

- **Our Disaster Relief Services** consists of food, shelter, clothing, medications, mental health counseling, and security deposits to those who have experienced a natural or man-made catastrophe.
- **Our Blood Services** constitutes the collection, processing, testing, transporting, monitoring, and distribution services in order to serve the needs of our local hospitals. The Great Bay Chapter collected over 11,789 units of blood and hosted 110 blood drives last year.
- **Our Health, Safety and Community Services** focus on saving lives. Through our many training courses, such as Adult, Infant, and Child CPR, AED training, First Aid, water safety, disaster training, first responder, and our LNA program we impart hope and confidence along with skill and knowledge.

On petition of at least 25 registered voters of the Town of Hampton: Are you in favor of increasing the number of trustees of the Hampton Trust Funds from 3 to 5, as authorized by RSA 31:22? The Hampton Trust Funds include the Cemetery & Perpetual Care Funds, the Cemetery Burial Trust Funds, the Lane Memorial Library Fund, the Hampton Real Estate Trust Fund, the Campbell Children's Sports Fund, the Town Management Information Systems Fund, the Capital Reserve Funds (roads), the Hampton Beach Village District Funds, and the Poor Fund.

Increasing the number of trustees will provide additional talent to manage the \$17 million in trust funds that, in part, help to reduce Hampton taxes. The increased number of trustees will also provide better business continuity for the trust funds in case of a trustee vacancy. There is no cost to the Town for additional trustees because they are volunteers.

On petition of Carolyn Fetter and at least 25 registered voters of the Town of Hampton: Shall the Town of Hampton require full financial disclosure for all Warrant Articles put before the voters? Financial disclosure should include both one-time and on-going costs (if any) per year, and the number of years, if known. Examples of one-time costs would be initial payments for capital expenditures, and installation or removal costs. Examples of on-going costs would be estimated financing or interest charges, electric, heat, maintenance, additional labor costs, etc.

These costs should be expressed as cost per thousand of assessed property value for the year just passed, as valuations and exemptions for coming years are not fully known at the time the Warrant Articles are prepared. Where costs are not fully known, best-guess estimates and their sources should be provided. The intent is to give voters a more complete understanding of the short and long-term financial implications of decisions they are asked to make.

ARTICLE 43

(As Petitioned)

We, the undersigned, being legal voters in the Town of Hampton, hereby petition the Board of Selectmen of said Town to place the following article on the warrant for the 2007 annual meeting.

New Hampshire Climate Change Resolution

To see if the town will go on record in support of effective actions by the President and the Congress to address the issue of climate change which is increasingly harmful to the environment and economy of New Hampshire and to the future well being of the people of New Hampshire (Hampton).

These actions include:

1. Establishment of a national program requiring reductions of U.S. greenhouse gas emissions while protecting the U.S. economy.
2. Creation of a major national research initiative to foster rapid development of sustainable energy technologies thereby stimulating new jobs and investment.

In addition, the town of Hampton encourages New Hampshire citizens to work for emission reductions within their communities, and we ask our Selectmen to consider the appointment of a voluntary energy committee to recommend local steps to save energy and reduce emissions.

The record of the vote on this article shall be transmitted to the New Hampshire Congressional Delegation, to the President of the United States, and to declared candidates for those offices.
